cont. Circular 22/2008

- 2 This contract shall run from the 01 July 2008 until the 30 June 2009.
- 3 Payments to the above mentioned contractor are not to be made until further notice.
- 4 The attention of Heads of Department and Accounting Officers is particularly drawn to Clauses 6 and 7 of the attached Specifications and Special Conditions regulating this contract with regard to packing and 'GM' markings.
- 5 Heads of Department are requested to ensure that the paper supplied to them is of the same quality as samples submitted for testing and approved by the National Laboratory, Industrial Estate, San Ġwann. Paper supplied is to be periodically submitted for testing at the above address quoting Laboratory Results Nos. 224/07 dated 29 March 2007.
- 6 This contract is also governed by the attached 'General Conditions of Contracts for the Supply of Goods and Materials under a Running Period Contracts'.

F Attard
Director General (Contracts)

Specifications and Conditions for the Supply of Computer Continuous Stationery (Self-Carbonised Paper)

Scope of Contract

1. This contract provides for the supply and delivery, inclusive of Value Added Tax, Customs Import Duty, ECO Contribution (if any) and other charges as applicable, to Government Departments and Parastatal Bodies as and when required of Computer Continuous Stationery as described in the attached General Conditions of Contract for the supply of goods and materials under a Framework Contract (Period Contract) insofar as these are not inconsistent with these specifications and special conditions.

Special Conditions

Period of Completion

2. This contract shall run from the 1st July 2008 up to the 30th June 2009, however, the validity of the contract may be extended for up to two consecutive months after the termination date.
3. Tenderers must quote for all items. Non compliance with this clause will invalidate the tender.

Quantities

4. The quantities shown on the schedule are only indicative and where necessary may be exceeded. Moreover Government reserves the right not to order the whole quantity shown and would not by doing so be held liable to any damages or other costs whatsoever.

Samples

5. Tenderers are to supply for testing purposes samples (preferably one box) of each type of paper they propose to supply. Samples are to reach the Procurement Section of the Contracts Department, Floriana by the due date and time fixed for submission of tenders. All samples are to be clearly marked with tenderer's particulars and the tender advert number. **Failure to comply with this condition will invalidate the tender.**

Specifications

6. The computer continuous stationery shall be manufactured in accordance with BS 4623:1989 or a European equivalent standard (Folded continuous stationery for impact printers) and shall have the following characteristics:
 - a grammage (basic weight) determined as described in BS 3432, or an European equivalent standard is to be greater than 50g/m² but less than 60g/m².
 - b Breaking length, L/km, determined as described in BS 4415 or an European equivalent standard is to be as follows:-

machine direction: > 5.0
cross direction: > 2.0
 - c The nominal width of stationery shall be as indicated on the schedule of quantities for each item, subject to a tolerance of +1.5mm.
 - d The sprocket holes shall be cleanly punched in the left and right hand margins. The holes shall either be circular or have a serrated or a scalloped edge.
 - e Fold, perforations and joins; The folds shall coincide with the perforations. They shall be perpendicular to the vertical reference line and within 0.4mm of the line midway between adjacent sprocket holes. If the stationery contains a divided form, two or more deep, intermediate perforations may be additionally made across the stationery, but these shall not run into a sprocket hole. Stationery shall not contain joins.
 - f From set thickness: The form set thickness shall be constant over the printing area.
 - g The performance of the self-carbonised paper is to be of a good quality insuring easy legibility up to the last copy.

Packing and Labelling

7. The stationery shall be supplied in boxes with a separate lid. The contents of boxes shall be easily identifiable, with the relevant form number, together with the form description and the letters 'G.M.' clearly printed. The first form in each box shall face upwards, i.e. its face shall be immediately visible when the box is opened. The stationery in each box shall either be continuous or have only one split. If a box contains a split, the lower pack shall be placed in the box in the same manner as the first pack so that before feeding the lower pack into a machine, there is no need to turn the second pack of the box.

If a box contains a split, a paper strip of colour contrasting with that of the stationery shall be wrapped round the upper pack.

Boxes containing splits shall have this fact prominently displayed so that it is viable when the closed box is in a stack.

Markings

8. In the case of ruled paper, continuous stationery shall have printed 9 times spaced evenly on each sheet in the lines in six point small caps, the words "Government of Malta" in the same colour as the ruling. Plain white paper shall have the same words of the same size printed at least once on the side margins in each sheet.

Deliveries

9. A supply shall be made on receipt of a Requisition Order from the Head of Department concerned or his representative and the material delivered within the time specified. Government will not accept liability for verbal orders and will not meet claims for any value thereof even though the material may have been supplied and made use of by the Department concerned.
10. The Head of Department shall have the power to reject any consignment or part thereof, should it not be to his satisfaction or should the material not be in accordance with the specifications/sample submitted by contractor and approved by Government for award of contract. Any expenses incurred resulting from such failure are to be the responsibility of the contractor supplying the material.
11. Failure on the part of the successful tenderer to comply with clauses 6 and 7 shall render him liable to a deduction not exceeding 5% of the net value of the invoice in addition to such other deduction to which he may have become liable under the other conditions forming part of these tender documents.
12. In the case of the successful tenderer failing to comply with clauses 6 and 7, the Director of Contracts at his absolute discretion instead of making the deductions contemplated in condition above may refuse the merchandise, supplied under this tender, in which case the successful tenderer shall be considered as having failed to supply the merchandise ordered and shall be liable to the deductions contemplated under the relevant conditions of these tender documents.
