6. This contract is also governed by the usual 'General Conditions of Contract for the Supply of Goods and Materials under a Running Period Contract.'

F. Attard  
Director General (Contracts)

## **ANNEX II : TECHNICAL SPECIFICATIONS**

### **Specifications for Lot 2 Iroko Timber**

Lot 2 The timber shall be FAS-80% first grade and 20% seconds, square edged and sawn to yield full nominal thickness after drying.

The Iroko timber shall be generally in accordance with BSEN/949/1996 and mainly required for outdoor use. The moisture content shall not exceed 20%. The material shall have not splits except for minor end splits. The slope of grain shall not be greater than one in eight as distinct from figure and surface marking but ignoring local deviation. A certificate in English showing that the timber shall be free from knot and insect attack, is to be furnished on request.
