- 29.2 Such requests and the responses to them must be made by e-mail or fax. They may in no circumstances alter or try to change the price or content of the tender, except to correct arithmetical errors discovered by the evaluation committee when analysing tenders, in accordance with Clause 31.

# 30. Tender Evaluation Process

30.1 The following should be read in conjunction with Clause 27.

#### 30.2 Part 1: Administrative Compliance

The Evaluation Committee will check the compliance of tenders with the instructions given in the tender document, and in particular the documentation submitted in respect of Clause 16.

The Evaluation Committee shall, after having obtained approval by the Director General Contracts, request rectifications in respect of incomplete/non-submitted information pertinent to the documentation as outlined in sub-Clause 16.1(a), 16.1(b), and 16.1(c) of these Instructions to Tenderers. Such rectification/s must be submitted within five (5) working days from notification, and will be subject to a non-refundable administrative penalty of  $\notin$ 50: failure to comply shall result in the tender offer not being considered any further. No rectification shall be allowed in respect of the documentation as outlined in sub-Clause 16.1 (d), 16.1(e), and 16.1(f) of these Instructions to Tenderers. Only clarifications on the submitted information in respect of the latter may be eventually requested.

#### 30.3 Part 2: Eligibility and Selection Compliance

Tenders which have been considered administratively compliant shall be evaluated for admissibility as outlined below:

#### (i) Eligibility Criteria

• Tender Form (Volume 1, Section 2)

#### (ii) Selection Criteria

• Evidence of technical capacity (sub-Clause 6.1.2)

#### 30.4 Part 3: Technical Compliance

At this step of the evaluation process, the Evaluation Committee will analyse the administratively-compliant tenders' technical conformity in relation to the technical specifications (Volume 3, and the documentation requested by the Contracting Authority as per sub-Clause 16(e)), classifying them technically compliant or non-compliant.

#### 30.5 Part 4. Financial Evaluation

The financial offers for items which were not eliminated during the technical evaluation (i.e., those found to be technically compliant) will be evaluated.

The Evaluation Committee will check that the financial offers contain no arithmetical errors as outlined in Clause 31. Financial offers are compared for each item. The financial evaluation will identify the cheapest administratively and technically compliant offer for each item.

# 31. Correction of Arithmetical Errors

- 31.1 Admissible tenders will be checked for arithmetical errors by the Evaluation Committee. Errors will be corrected as follows:
  - (a) where there is a discrepancy between amounts in figures and in words, the amount in words will prevail;
  - (b) where there is a discrepancy between a unit price and the total amount derived from the multiplication of the unit price and the quantity, the unit price as quoted will prevail.
- 31.2 The amount stated in the tender will be adjusted by the Evaluation Committee in the event of error, and the tenderer will be bound by that adjusted amount. In this regard, the Evaluation Committee shall seek the prior approval of the General Contracts Committee to communicate the revised price to the tenderer. If the tenderer does not accept the adjustment, his tender will be rejected and his tender guarantee forfeited.
- 31.3 When analysing the tender, the evaluation committee will determine the final tender price after adjusting it on the basis of Clause 31.1.

# F. CONTRACT AWARD

# 32. Criteria for Award

32.1 The sole award criterion will be the price. The contract will be awarded on a book by book basis to those Tenderer/Tenderers who submitted the cheapest price for that particular item and who have also satisfied the administrative and technical criteria.

Should more than one Tenderer who is both administratively and technically compliant, offer the cheapest price for a particular item, the latter item will be awarded to that Tenderer who has offered the highest quantity of cheapest priced reference books.

# 33. Right of The Central Government Authority to Accept or Reject Any Tender

- 33.1 The Central Government Authority reserves the right to accept or reject any tender and/or to cancel the whole tender procedure and reject all tenders. The Central Government Authority reserves the right to initiate a new invitation to tender.
- 33.2 In the event of a tender procedure's cancellation, tenderers will be notified by the Central Government Authority. If the tender procedure is cancelled before the outer envelope of any tender has been opened, the sealed envelopes will be returned, unopened, to the tenderers.
- 33.3 Cancellation may occur where:
  - (a) the tender procedure has been unsuccessful, namely where no qualitatively or financially worthwhile tender has been received or there has been no response at all;
  - (b) the economic or technical parameters of the project have been fundamentally altered;
  - (c) exceptional circumstances or force majeure render normal performance of the project impossible;
  - (d) all technically compliant tenders exceed the financial resources available;
  - (e) there have been irregularities in the procedure, in particular where these have prevented fair competition.

In no circumstances will the Central Government Authority be liable for damages, whatever their nature (in particular damages for loss of profits) or relationship to the

cancellation of a tender, even if the Central Government Authority has been advised of the possibility of damages. The publication of a contract notice does not commit the Central Government Authority to implement the programme or project announced.

# 34. Notification of Award, Contract Clarifications

- 34.1 Prior to the expiration of the period of validity of tenders, the Central Government Authority will notify the successful tenderer/tenderers, in writing, that his/their tender has been recommended for award by the General Contracts Committee, pending any appeal being lodged in terms of Part XIII of the Public Procurement Regulations (being reproduced in Volume 1, Section 6).
- 34.2 Unsuccessful bidders shall be notified with the outcome of the evaluation process, and will be provided the following information:
  - (i) the criteria for award;
  - (ii) the name of the successful tenderer/tenderers;
  - (iii) the recommended price of the successful bidder/bidders;

(iv) the reasons why the tenderer/tenderers did not meet the technical specifications/ notification that the offer was not the cheapest (if applicable);

- (v) the deadline for filing a notice of objection (appeal);
- (vi) the deposit required if lodging an appeal.
- 34.3 The recommendations of the General Contracts Committee shall be published on the Notice Board of the Department of Contracts, and published online on the Department's website, <u>www.contracts.gov.mt/gcc</u>.

## 35. Contract Signing and Performance Guarantee

- 35.1 After the lapse of the appeals period, and pending that no objections have been received and/or upheld, the successful tenderer may be invited to clarify certain contractual questions raised therein. Such clarification will be confined to issues that had no direct bearing on the choice of the successful tender. The outcome of any such clarifications will be set out in a Memorandum of Understanding, to be signed by both parties and incorporated into the contract.
- 35.2 Within 15 calendar days of receiving the contract (against acknowledgment of receipt) from the Central Government Authority, the successful tenderer will sign and date the contract and return it to the Central Government Authority with the performance guarantee and the Financial Identification Form (if applicable). On signing of the contract by the Central Government Authority, the successful tenderer will become the Contractor and the contract will enter into force.
- 35.3 Before the Central Government Authority signs the contract with the successful tenderer, the successful tenderer may be requested to provide the documentary proof or statements required to show that it does not fall into any of the exclusion situations listed in Clause 7 of the Tender Form (Volume 1, Section 2). The above mentioned documents must be submitted by every member of a Joint Venture/Consortium (if applicable).
- 35.4 If the selected tenderer fails to sign and return the contract, other required documentation, and any guarantees required within the prescribed 15 calendar days, the Central Government Authority may consider the acceptance of the tender to be cancelled without prejudice to the Central Government Authority's right to seize the guarantee, claim compensation or pursue any other remedy in respect of such failure, and the successful tenderer will have no claim whatsoever on the Central Government Authority.

The tenderer whose tender has been evaluated as [second cheapest/second most economically advantageous] may be recommended for award, and so on and so forth.

- 35.5 Only the signed contract will constitute an official commitment on the part of the Central Government Authority, and activities may not begin until the contract has been signed by the Central Government Authority and the successful tenderer.
- 35.6 Tender guarantees (bid bonds) provided by tenderers who have not been selected shall be released within 30 calendar days from the signing of the contract. The tender guarantee of the

successful tenderer shall be released on the signing of the contract, and on submission of a valid performance guarantee.

35.7 The performance guarantee referred to in the General Conditions is set at 10% of the amount of the contract and must be presented in the form specified in Volume 2, Section 4, to the tender document. The performance guarantee shall be released within 30 days of the signing of the Final Statement of Account (Final Bill), unless the Special Conditions provide otherwise.

## 36. Period of Delivery

- 36.1 The period of delivery indicated in Clause 1.3 of the Instructions to Tenderers commences from 5 calendar days from last signature of contract.
- 36.2 The Contractor must inform the Central Government Authority's representative by return that he has received the notice.

# G. MISCELLANEOUS

This prohibition also applies to any other programmes or projects that could, owing to the nature of the contract, give rise to a conflict of interest on the part of the Contractor.
- 37.3 When putting forward a candidacy or tender, the candidate or tenderer must declare that he is affected by no potential conflict of interest, and that he has no particular link with other tenderers or parties involved in the project.

The Central Government Authority, prior to disclosure of any information in relation to any provisions of this contract which have not yet been made public, shall consult the contractor in accordance with the provisions of the said Act, pertinent subsidiary legislation and the Code of Practice issued pursuant to the Act. Such consultation shall in no way prejudice the obligations of the Central Government Authority in terms of the Act.

# 39. Gender Equality

39.1 In carrying out his/her obligations in pursuance of this contract, the tenderer shall ensure the application of the principle of gender equality and shall thus 'inter alia' refrain from discriminating on the grounds of gender, marital status or family responsibilities. Tenderers are to ensure that these principles are manifest in the organigram of the company where the principles aforementioned, including the selection criteria for access to all jobs or posts, at all levels of the occupation hierarchy are amply proven. In this document words importing one gender shall also include the other gender.

The procedure for the submission of appeals is stipulated in Part II of the Public Procurement Regulations (Legal Notice 296/2010), reproduced hereunder for ease of reference.

- 21(1) Where the estimated value of the public contract exceeds twelve thousand euro (€12,000) and is issued by an authority listed in Schedule 1, any tenderer or candidate concerned shall have a right to make a complaint to the Review Board in accordance with this regulation.
- (2) (a) The contracting authority shall be obliged to issue a notice and affix an advertisement, in a prominent place at its premises, indicating the awarded public contract, the financial aspect of the award and the name of the successful tenderer. The contracting authority shall, by electronic means or by fax, inform the tenderer or candidate concerned of the publication of the award. The contracting authority shall be precluded from concluding the contract during the period allowed for the submission of appeals.

(b) The award process shall be completely suspended if an appeal is eventually submitted.

- (3) Any tenderer or candidate concerned who is aggrieved by the award indicated by the contract authority may, within five working days from the publication of the notice, file a letter of objection, together with a deposit, with the contracting authority, clearly setting forth any reason for his complaint. The deposit to be paid in respect of tenders valued at less than forty-seven thousand euro  $(\notin 47,000)$  shall be four hundred euro ( $\notin 400$ ), while those between forty-seven thousand euro ( $\notin 47,000$ ) and one hundred and twenty thousand euro ( $\notin 120,000$ ) shall be 0.5% of the estimated value of the tender, with a minimum deposit of four hundred euro ( $\notin 400$ ). - (4) After the expiry of the period allowed for the submission of a complaint, the contracting authority shall deliver the letter of complaint, the deposit receipt and all documents relating to the public contract in question to the Review Board who shall examine the matter in a fair and equitable manner. In its deliberation the Review Board shall have the authority to obtain, in any manner it deems appropriate, any other information not already provided by the contracting authority. (b) A copy of the appeal application shall be served on the Contracting Authority and on the recommended tenderer, if any, who may file a written reply within twenty days from the date of service.

(c) The Court of Appeal shall set down the cause for hearing at an early date, in no case later than two months from the date on which the appeal is brought before it and shall cause notice of such date to be given to the parties who, on their part, shall assume the responsibility to visit the court registry and be aware of the latest information regarding the appointment for the hearing of the case.

(d) After appointing the application for hearing, and after listening to the oral submissions made by all parties, the Court shall decide the application on its merits, within the shortest time possible but not any later than four months from the day when the appeal had been filed and the parties have been duly notified. Pending the decision of the Court, the process of the call for tenders shall be suspended.

- (6) Tender documents issued in terms of this Part shall include a clause informing tenderers that the award of the contract is subject to the right of recourse as provided for in this regulation, a copy of which should be reproduced in the documents.
- (7) The Minister shall have the authority by order to extend the provisions of this regulation in order that recourse as provided in this regulation be made available also by authorities listed in Schedule 3 and to prescribe the procedure by which such recourse is to be granted.

The notice shall be filed within ten calendar days following the date on which the contracting authority has by fax or other electronic means sent its proposed award decision. The communication to each tenderer of the proposed award shall be accompanied by a summary of the relevant reasons relating to the rejection of the tender as set out in regulation 44(3), and by a precise statement of the exact standstill period.

The notice of objection shall only be valid if accompanied by a deposit equivalent to 0.75 per cent of the estimated value of the whole tender prior to publication or if the tender is divided into lots according to the estimated of the tender for each lot submitted by the tenderer, provided that in no case shall the deposit be less than one thousand and two hundred euro ( $\leq 1,200$ ) or more than fifty-eight thousand euro ( $\leq 58,000$ ).   - (c) within three working days of the publication of the replies the Secretary of the Review Board shall prepare a report (the Analysis Report) analysing the letter of objection. This report shall be circulated to the persons who file an objection and interested parties. After the preparatory process is duly completed, the Head of the contracting authority shall forward to the Chairman of the Review Board all documentation pertaining to the call for tenders in question including files, tenders submitted, copies of deposit receipts, any motivated letter, who shall then proceed as stipulated in Part XIV;
  - (d) the Director or the Head of the contracting authority shall publish a copy of the decision of the Review Board at his department or at the premises of the relevant contracting authority, as the case may be.
